

## Countron Touch

The most popular Countron with a touch panel.

Countron Touch features high-precision and high speed counting up to 2,500 sheets/min. With a large touch screen, operations and settings are intuitive and quick. It also makes it easier to diagnose errors. Countron Touch is the advance model of Countron 2200HS which has been best- seller in Japanese markets such as security printers, logistics etc. for its accuracy and stability. Now Countron Touch becomes even more compact, quiet and user-friendly.

- Random tab insertion function for various numbers of sheets for inserting tab tapes.
- Sheet number check function which checks when the actual counted number of sheets matches a preset number of sheets.
- A built-in thermal printer can be offered as an option. It helps organizing counted sheets.

## Countron AT Touch

Perfect solution to count digital stocks.

The superb twin-blade counting system enables the Countron AT to count thick board without any damage to the corners of the sheet unlike other brands, which is useful for finished items as Greeting Cards, Post Cards etc. This is a revolutionary machine.

The Countron AT is a world leading new machine having been uniquely designed to count up to 400g/m<sup>2</sup> paper. This is ideal for any printed card producers counting and separating cards etc. on each batch. This makes the machine the perfect one for printers, who until now, have been unable to count their stock, printed or new and separate sets with tabs.

The Countron AT counts at up to 1,500 sheets per minute with tab insertion. Inserting a tab tape in between batches of print can save hours of laborious manual job splitting before an onward print finishing process.

## Countron T5

Counting a large number of papers, such as documents, prints, forms etc. can be a serious bottleneck of a workflow. UCHIDA Countron T5 is an ideal solution for helping automating such a process. Its accurate pin & blade counting mechanism, proven by thousands of users for several decades enables the operator to count a pile of sheet by just a press of a button. Although the Countron T5 is an entry tabletop model, the maximum counting speed reaches 2,000 sheets/min., with a capability of inserting tab tapes in every 2 - 1,000 sheets, or as the operator designated.

- Intuitive touch screen operation & settings.
- Quick counting blade change without a tool.
- Increased counting speed. The same great accuracy.
- Small footprint, the T5 fits any workplaces.

## CONSUMABLES

Blade / Chip	Descriptions
<b>Suction blade No. 1</b>	For Countron Touch & T-5, 22-52 gsm, Copy paper, Pure-white rolls, Fine quality paper, NCR paper
<b>Suction blade No. 2</b>	For Countron Touch & T-5, 52-105 gsm, Copy paper, Fine quality paper, NCR paper, OCR paper, Form paper, Tucked paper
<b>Suction blade No. 3</b>	For Countron Touch & T-5, 105-157 gsm, Fine quality paper, Art paper, Coated paper, Drafting paper, Post cards, OCR paper
<b>Suction blade No. 4</b>	For Countron Touch, 157-255 gsm; T-5, 157-186 gsm, Fine quality paper, OCR paper, Kent paper, Coated paper, Art paper
<b>Suction chip No. 1 (White)</b>	For Countron AT Touch, 80-157 gsm, Fine quality paper, OCR paper, Kent paper, Coated paper, Art paper
<b>Suction chip No. 2 (Blue)</b>	For Countron AT Touch, 157-310 gsm, Fine quality paper, OCR paper, Kent paper, Coated paper, Art paper
<b>Suction chip No. 3 (Green)</b>	For Countron AT Touch, 310-400 gsm, Fine quality paper, Card paper, Coated cards, Paperboard, Cardboard, Coated cardboard

## Countron Twin Touch

For professional security.  
 Simultaneous counting at two corners / Independent use of heads / Tab tape insertion assurance / Automatic positioning of the counting head.

## Optional programs

By using a PC, the operation date, details of the counting job and operator name can be recorded and printed out. With another optional Microsoft Excel add-on of random tabbing program, a counting job and a random tabbing job are pre-programmable on PC.

### Air table

Makes paper handling easier.  
 1,000x1,000 mm/  
 800x1,200 mm (with leg).

### Large table

Several sizes available.  
 800x800 mm (without leg)  
 1,020x720 mm/1,000x1,000 mm/  
 800x1,200mm (with leg)

### Small table

Space saving.  
 500x582 mm

### Folding table

Extendable when in need.  
 787x787 mm. (When unfolded)
